

MJ May Series 18XX OneWrap Straps

Made exclusively from Velcro® brand One-Wrap Fasteners

 **MJ MAY**
Material Specialists Inc.

MJ May maintains huge inventories of various hook and loop materials on spools as large as 700 yards each and we have the capability to cut and package to any requirement our customers may have. Whether you need the hook mated to the loop or packaged separately, we have the flexibility to get you exactly what you need. We can package your product in standard industrial packaging, small commercial spools, or in retail-ready blister packs. Whatever your project requires, MJ May has the know how to help you accomplish your goals.

MJ May Series 18XX OneWrap Straps

Our Series 18XX OneWrap Straps are made exclusively from Velcro® brand One-Wrap fasteners. They feature polypropylene hooks on one side and nylon loops on the other. Available from stock in 3/8", 1/2", 5/8", 3/4", 1", 1-1/2", 2", 3", and 4" wide versions we stock this material in a variety of colors, including black, white, orange, navy blue, and gray. In addition, we offer a Fire Retardant version of these straps as well for even greater safety in your electronics applications. Secure bundles of cords or wire with our Series 18XX OneWrap Straps by simply wrapping the strap around itself and overlapping the ends.

Series 18XX Performance

Description	Thickness Unmated	Thickness Mated	Temperature Range	Cycle Life	Typical Peel**	Shear Strength	Rated Load
Back to Back Hook and Loop	.07"	.125"	0 to 222 F	5,000 (medium)	.5 PIW	23 PSI	18 pounds
Fire Retardant Back to Back Hook and Loop*	.07"	.125"	0 to 222 F	3,000 (medium-low)	.6 PIW	29 PSI	18 pounds
* - Fire Retardant version only available in dark brown.							
** - PIW is pounds per inch width (force required to peel hook and loop apart on a 1" wide strip).							

Series 18XX Versions

In addition to the products listed above, MJ May also stocks several other variations of Velcro® brand One-Wrap Fasteners. We have Series 18XX OneWrap Strap Cable Ties that are die-cut from one wrap strips. We also have the ability to ultrasonically weld our OneWrap straps and make straps exactly to our customers specifications.
